REMOVER G PLUS for EQUITONE [pictura] and EQUITONE [natura] PRO

*REMOVER G PLUS is an alkaline graffiti remover for persistent graffiti and color shadows. REMOVER G PLUS has been developed specifically for the facade panels type EQUITONE [pictura] and EQUITONE [natura] PRO.*

## Characteristics

- easy graffiti removal of facade panels EQUITONE [pictura] and [natura] PRO
- quick and efficient removal of persistent color spray and permanent marker colors
- suitable for many surfaces e.g. tiles, glass, stone

## Cleaning instruction

The surface has to be dry prior to the application. Outside temperature and surface temperature has to be above +10 °C. Wear suitable protection clothing, especially safety gloves and protective glasses during the application.

## Note

### **Color shadows after graffiti removal / color shadows removal:**

With old Graffiti it may be required to leave on the Remover G-PLUS for longer periods of time or to repeat the cleaning process multiple times on dry surface. Light color shadows can be removed with a mild bleach (drugstore) or Bleach G [Article GE-006-01/-006-05].

## Order REMOVER G PLUS
